

HB 2002 VOTER REGISTRATION, CENTRALIZED.

Directs the Secretary of State, in conjunction with county clerks, to develop a centralized voter registration system. Requires the Secretary of State to first develop a detailed project definition for the system, and provide a copy of the project definition to the Joint Legislative Committee on Information Management and Technology (JLCIMT) for review and comment during the 2001 interim. Requires the Secretary of State to develop a detailed project management plan for the system following comments from the JLCIMT. Requires full implementation of the system no later than January 31, 2004. Appropriates money from General Fund to Secretary of State and to Emergency Board for allocation to Secretary of State for development and implementation of system.

EFFECTIVE JULY 1, 2001.
